Mike Kehoe

GOVERNOR
STATE OF MISSOURI

Dear Aviator:

As Governor of the State of Missouri, it is my pleasure to welcome you to the "Show-Me State" and provide you with the 2025-2026 Missouri Aeronautical Chart. I hope you find this chart as a helpful resource while you are traveling throughout the state. Included in these pages, you will find detailed information on the state's system of airports and air navigational aids - an integral part of the national aviation system.

Airports are a vital part of our state's infrastructure. On the state level, they play an important role in driving economic development, moving individuals and cargo across Missouri. On the national level, airports provide opportunities for businesses to expand into markets all over the nation and the world.

I am confident you will find this chart helpful as you are planning your flights throughout the state of Missouri. I hope you have the chance to take in all that Missouri has to offer and enjoy the great hospitality Missourians famously extend to our visitors. I wish you all the best for a safe flight!

Sincerely!

A handwritten signature in blue ink that reads "Michael Kehoe". The signature is fluid and cursive.
